

# Epicor Learning

Learn a little or a lot with role-specific training curated for you.

Whether you want to learn a little or learn a lot, whatever your level or role, our training covers comprehensive skills as well as in-product instant, relevant answers to keep you moving forward.

## Training and success go hand in hand

Epicor Learning offers a full suite of tools designed to build a strong foundation of knowledge and then keep you productive and focused with access to fast answers while using our products. The mix of content accommodates today's multigenerational workforce by offering a blended approach, allowing you to read, watch or do as you build essential skills.

## Comprehensive and flexible learning to meet your needs

Start your journey in Epicor Learning Center which has a robust catalog of video and hands-on courses that build essential job skills. Learning is reinforced through this reading, watching and doing approach! These courses are mapped into role-based learning paths that align the right content to each learner.

Administrative tools allow easy program management: assigning content, tracking progress and reporting on individuals, teams, or the entire organization. Our role-based learning paths offer a full out-of-box training program with the flexibility to quickly adjust and customize the learning paths to your specific needs.

Continue your learning seamlessly as you use your Epicor applications. Epicor Learning is designed along with our products, ensuring an experience that is personalized, quickly getting you where you need to go. The Online Help menu filters to the specific task at hand, offering short quick tip videos, conversational help articles, and guided learning lessons that walk you through each process, enabling success step-by-step. Find your answer in a style that best meets your needs, reading, watching or doing.
