# Epicor Learning for Kinetic

Accelerate adoption of Kinetic, develop skills and give confidence to your team.

MOVING to KINETIC?

Expedite your journey with the contextualized Help and Support Panel. **Read, Watch and Do** tools that will ease you into all Kinetic tools and screens!

Click Help from the Home screen and look for the Navigating Epicor Kinetic as a starting point!

IMPLEMENTING KINETIC?

Use **ELC Roles**! Recommended Kinetic Agendas display on right, additional Classic content can be moved from left to round out training.

Watch ELC Course: Assigning Kinetic Content Using Roles!

Use Help and Support Panel to guide you in the product!

epicor

NOTES:

- Kinetic Agendas integrate Video and Hands On for complete topic-based training

- Roles align agendas to users, and are updated as new agendas are developed
  - Click "Revert to Parent" to add new content to your local role

- Want to see only Kinetic videos in ELC? Search with keywords *NOT Classic*, refine the list with criteria such as Role or Category

- Hands On courses are designed to supplement video training. To display all "Hands-On Courses", search ELC Catalog with Type = Hands On Exercises, but use Agendas for the full topic training

- If desired, access Classic Embedded Education Courses from Tile on ELC Home Page

- Use ELC Help and ELC Videos to guide your use of these tools
